DETAILED ACTION

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 16 April 2004 has been entered. Claims 2, 29 and 56 remain for examination.

REASONS FOR ALLOWANCE

2. Claims 2, 29 and 56 are allowed over the prior art of record.

3. The following is an examiner's statement of reasons for allowance:

With respect to independent claims 2, 29 and 56, the present application has been thoroughly reviewed. Upon extensive diverse databases searches, and a full review of applicant arguments, the examiner deems that the claimed features "in response to the retrieval request, accessing with a, computer a plurality of disparate digital databases and retrieving with a computer requested data from such databases, assembling with a computer an OLAP cube of the retrieved data, wherein the OLAP cube is assembled dynamically on demand without accessing a multidimensional database of stored retrieved data, accessing a database relevant to the specific data of the user update, and updating that database dynamically on demand with the specific data of the user update" in conjunction with other elements of the claims would not found anticipated or obvious over the prior art made of record.

Art Unit: 2172

4. The closest prior art, Jones et al. U.S. Patent Number 6,516,324 relates generally to centralized generation of reports which compile and summarize operational data from remotely located user-operated electronic devices. Bakalash et al. U.S. Patent Number 6,434,544 relates to a method of and system for aggregation data elements in a multi-dimensional database but fail to teach the above limitations.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
